

HOUSE OF REPRESENTATIVES

NOTICE OF MOTION

MEMBER FOR DENISON: I give notice that on the next day of sitting I shall move—That this House:

1. acknowledges that Bass Strait should be regarded as a part of the national highway network;
2. further acknowledges that currently transport across Bass Strait is disproportionately expensive and consequently a disincentive to the movement of people and freight; and
3. calls on the Government to extend the Tasmanian Freight Equalisation Scheme to include the affordable movement of:
 - a. all people and freight in and out of Tasmanian; and
 - b. all trade intended for both domestic and international import and export.
