The Hon Megan Latham
Commissioner
Independent Commission Against Corruption New South Wales
GPO Box 500
SYDNEY NSW 2001

Dear Commissioner

I write to request that you investigate whether crimes have been committed in connection with the potential bribery of Commonwealth and State public officers.

The possibility of bribery was raised in a broadcast on the ABC's television program 7.30 on the evening of 6 October 2015. The broadcast raised a potential attempt to bribe a former member of the Australian Parliament, Mr Peter Garrett AM, but also implicated other, un-named Federal and State politicians as well as representatives of the poker machine industry.

An investigation that uncovers the extent of any possible bribery of Commonwealth and State public officers by the poker machine industry is required to reveal the truth about what are most serious allegations.

A transcript of the 7.30 broadcast, copied from the ABC website, is attached.

Yours sincerely
