Dear Ms ~~Taylor~~ *Margaret,*

I am writing to advise you formally that I will not be entering into any preference negotiations nor do any preference deals with any party or candidate at the forthcoming federal election. Instead I'll run an open ticket.

In other words my How to Vote instructions will request voters give me their number one vote, and to not forget to number the remainder of the boxes on the ballot paper in the order of their preference.

I have written in similar terms to the Labor and Liberal parties.

Yours sincerely
