**Regarding: Legislative Council Select Committee on the Tasmanian Forests Agreement Bill 2012 Request regarding: Submissions, Publication, Acknowledgement, and Hearings**

Sir,

I have read the now published lists of those granted an audience before your Committee and note that despite my request I am Not Listed.

I hereby request that I may appear before your Committee with regard to my detailed submission now appearing on your web page.

I wish that the hearing be held in public.

I wish to ask questions over your declared relationship with Ta Ann resulting in your position as Chair being compromised, a matter raised in my campaign at the last Legislative Council Election.

I wish to address your Committee in Launceston.

I will make myself available on any date at any time.

I look forward with interest to your reply.

John Hawkins
