CANBERRA ACT 2600

Dear Minister

I write in relation to our EPBC approval 2007/3385, as a follow-up to our earlier letter of 21 August 2008 in which we sought a variation to the maps in Schedule 1 of the approval.

The Assistant Secretary Compliance and Enforcement Branch (Rose Webb) of your Department wrote to us on 2 September 2008 in relation to that variation request and specifically the map titled "Bell Bay Pulp Mill: Pulp Mill Construction Footprint".

Ms Webb requested that this map be amended to also show the solid waste disposal facility and reservoir, and that the amended map be submitted to you.

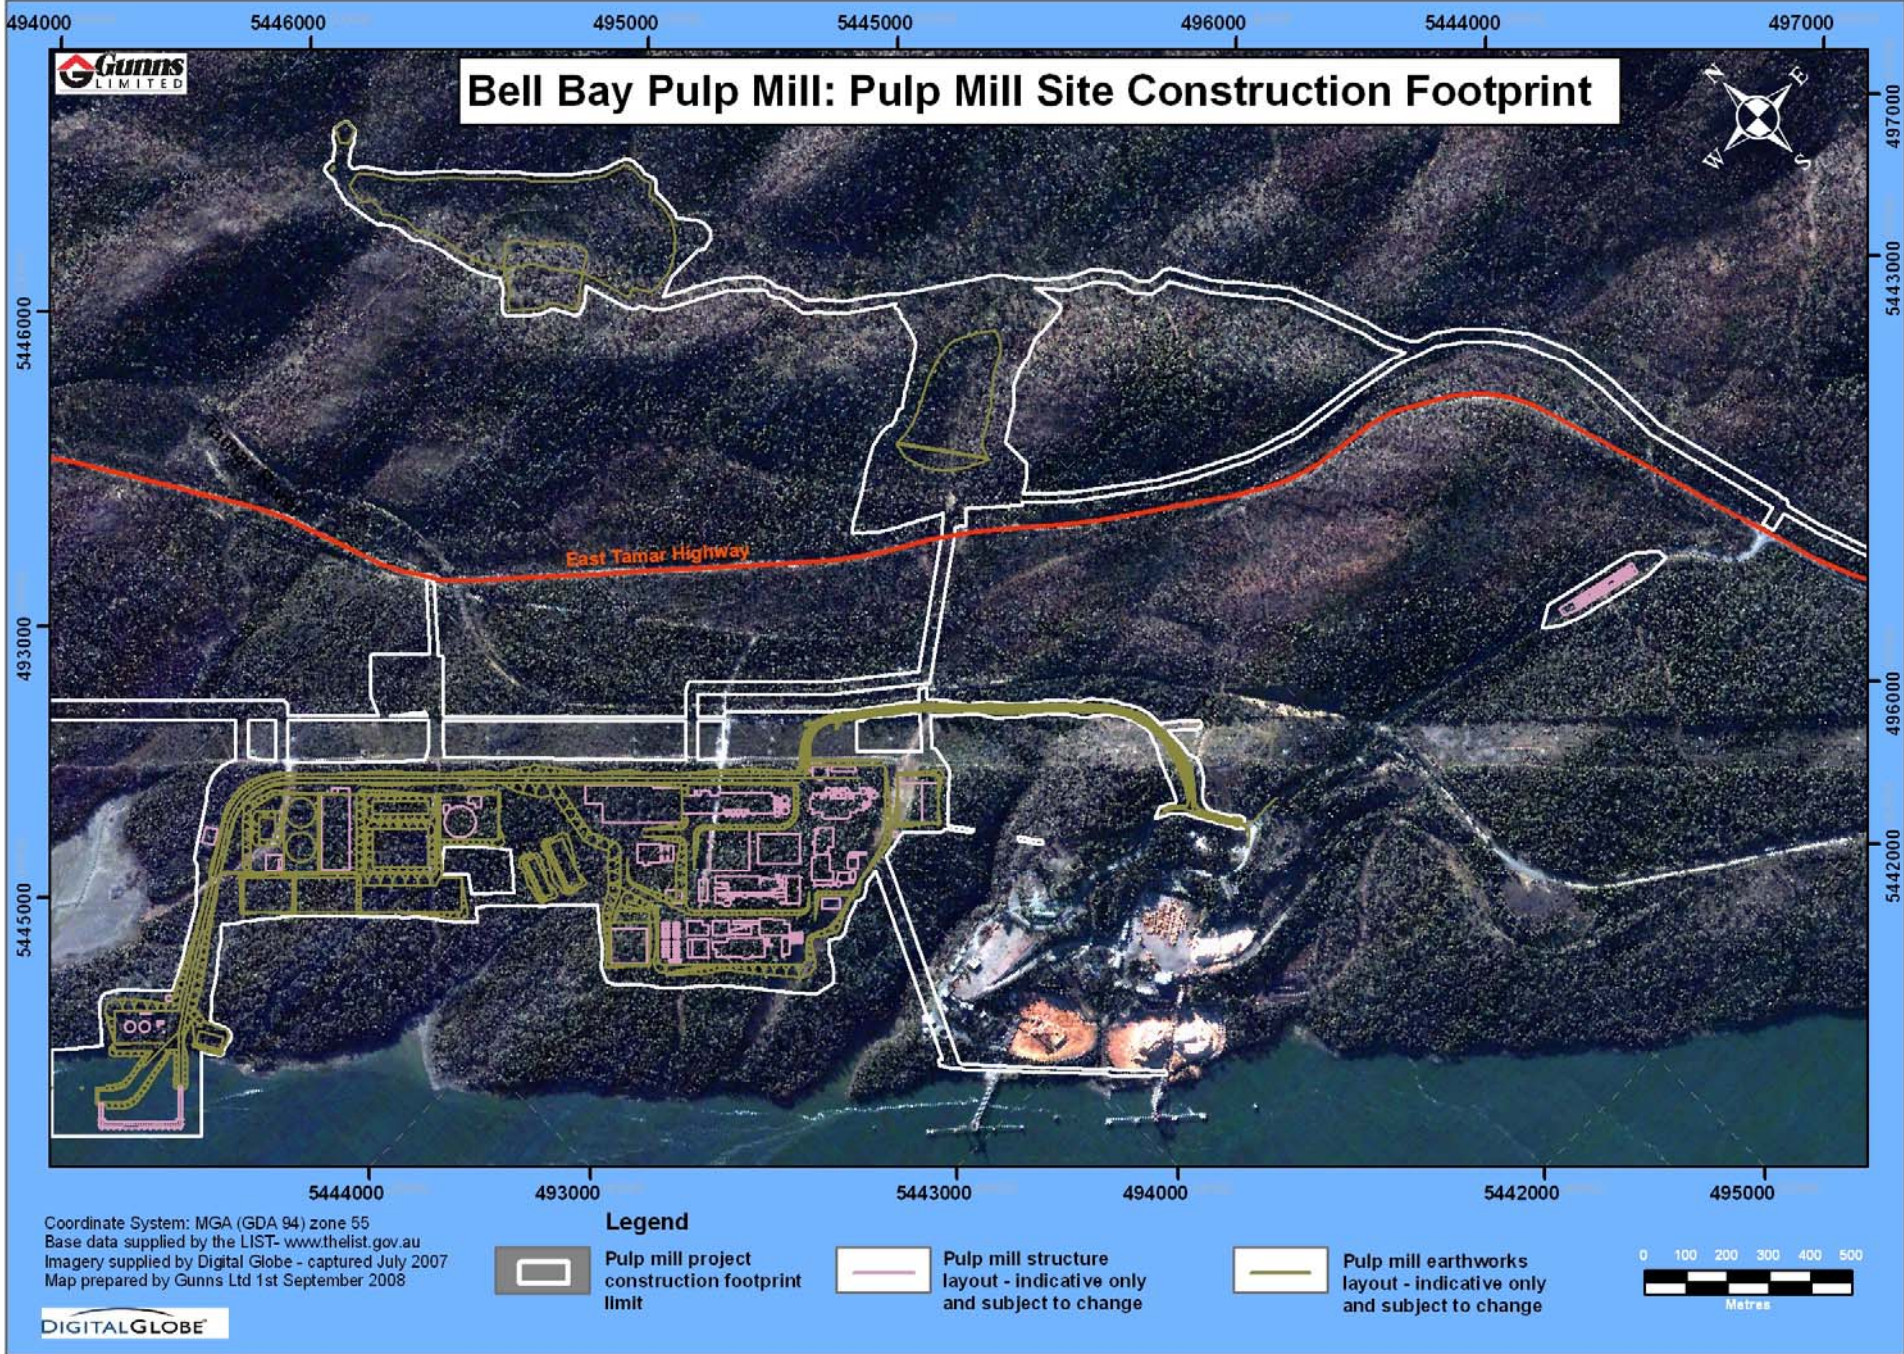

In response to that request, please find attached the amended map. We consulted with your Department when preparing the amended map and we understand that it meets their expectations.

I would be grateful if the attached map could be incorporated into our Schedule 1 variation request of 21 August 2008 to replace the corresponding map in Attachment 3 of that request.

Yours faithfully
