Gondwana on Fire

The ecology of Tasmania's ancient evolutionary lineage vegetation

The Wilderness Society is hosting a Q&A with Professor David Bowman: fire ecologist (University of Tasmania), Associate Professor Greg Jordan: evolutionary ecologist (University of Tasmania), Nick Fitzgerald: Ecologist and Geoff Law: World Heritage Expert, who will share their insights into the fire ecology of Tasmania's alpine areas and rainforests, and the consequences of a warming and drying climate.

Join us for a public talk

When: Tuesday 22 March at 6 - 8pm

**Where: Ida Birchall Room, Pilgrim Church,
34 Patterson St, Launceston**
