

**PROJECTED POKER MACHINE LOSSES
FOR TASMANIA 2011 - 2016**

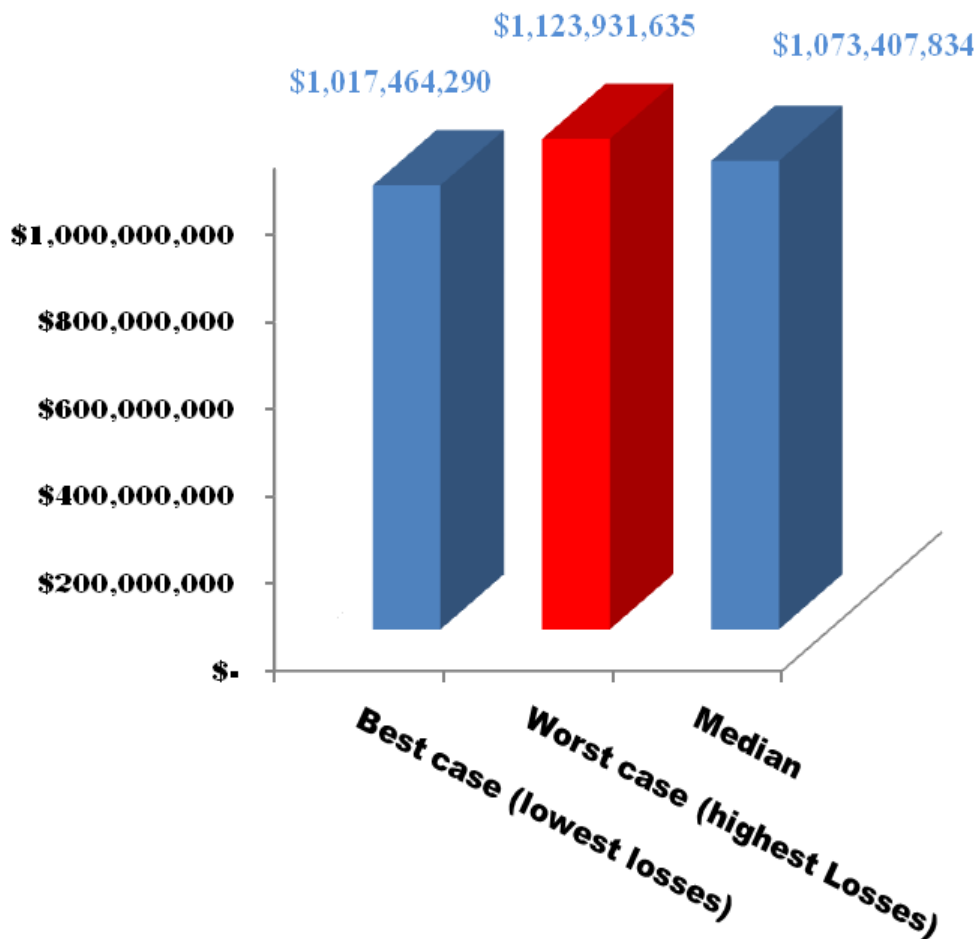

The price of delaying action on poker machine reform

January 2012

ALP Billion Dollar Handshake Loss for Tasmania

5 year forward projection for pokie losses (2011-16)

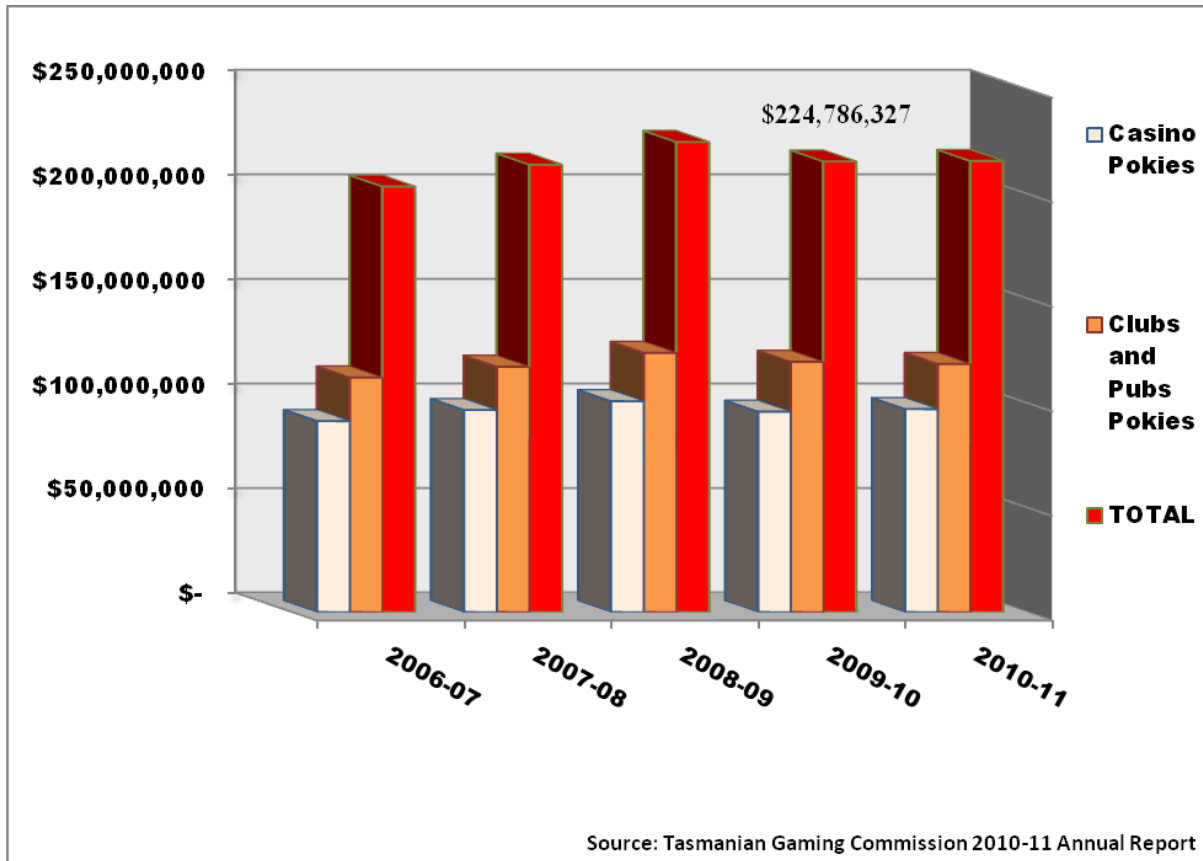

Source: Tasmanian Gaming Commission 2010-11 Annual Report

This five-year projection is derived using annual Tasmanian Gaming Commission figures on poker machine losses between 2006-07 and 2010-11. The best case scenario is based on the lowest annual loss of \$203,492,858 multiplied over five years. The worst case scenario is the highest annual loss of \$224,786,327 multiplied by five years.

Annual Pokie Losses in Tasmania

Can we afford to lose \$200 million a year?
