

Australia: our country or their quarry?

Australia's Timeless North

**Australia's National Tourist Landscapes:
set against a backdrop of coal and gas titles**

-  Australia's National Landscapes
-  Coal exploration and mining titles
-  Coal applications and releases
-  Petroleum exploration and production titles
-  Petroleum applications and releases
-  Current or proposed coal and gas ports

This map was prepared by Lock The Gate Alliance using official data provided by the resources department of each state of Australia in February 2013. The data is used under licence from each relevant authority. The methodology used to produce the map is described in the accompanying report. The National Landscapes were digitised from the map by the Australian Government.
