

## **Are you....**

....concerned about the purity of  
Tasmania's drinking water?

....distressed about the use of  
toxic pesticides on plantations in  
our water catchments?

....apprehensive about the  
possible effects of our water on  
our children's health?

....tired of the endless social  
division over forestry issues?

Come and hear speakers with experience  
in local government, community  
auditing of forest practices and eco-  
toxicity.

**Make your concerns count.**

Authorised by Dr L Searle  
22 Abbott St East Launceston 7250
